ON-The-Job Experience

UI Designer/Front-end Developer intern

Erovoutika Feb 2023— Apr 2023

As an intern UI designer and web developer at Erovoutika, I transformed complex subjects into user-friendly designs for the login and signup pages, and promotional materials, significantly enhancing user experience and engagement. I also created high-quality visuals for marketing and sales presentations to ensure brand consistency and clarity.

Job Experience

Data Entry/System Developer

Syndtite Constructon Corp Mar 2025 — Aug 2025

- Utilized Google Sheets for data entry and management, ensuring accuracy and efficiency in tracking financial and operational data.
- Inputted and maintained data within the Bureau of Internal Revenue (BIR) system, ensuring compliance with regulatory requirements
- Developed a responsive employee data management system using JavaScript and HTML, improving personnel record tracking and HR data access.
